Statistics Show

That every thirty minutes a business corporation or partnership is formed in New York City.

STATISTICS ALSO SHOW that only something like one-tenth of all business corporations and partnerships survive one generation of business activity.

AND FURTHER statistics show that of those who do survive a vast majority are advertisers.

YOU MAY HAVE highly desirable merchandise at very attractive prices. You may have service that is really in demand by thousands of people. But if you do not tell who you are, where you are and what you have to sell you cannot expect

THE FORCE of your personality and the loyalty and hard personal work of your associates and employees may keep the wheels revolving while you live and they continue with you. But-

To build up a business That Will Survive, You Must Advertise

That is the cold, calm fact shown clearly by the records.

Now just as the home is the keynote of civilization, the real upit of the community, so it is potentially the source to which the advertiser must look for the support and growth of his business and its perpetuity.

In New York City THE WORLD

(Morning and Evening Editions)

Is the HOME Paper

The Morning WORLD has a circulation in New York City over 100,000 greater than any other morning newspapergreater than the combined city circulations of the Times, Herald and Tribune.

THE EVENING WORLD is so pre-eminestly a HOME paper that no campaign to reach New York homes can be complete or effective without it.

Paschendani, Heigium, was checked by the French fire, as was a raid north of the Aisne, near Passay. Pollowing to the test of the War

"The night was calm over the greater part of the front. Two surpfies attacks delivered by the enemy against small French posts one in Belgium in the region of Paschendani, the other north of the Alane, near Passay-were re-

'On the Verdun front east of the Mouse the artillery fighting continued very vigorously in the sector of Pleury. We made some progress with groundes near the chapel of Saints Fine." One of the most striking episodes of

PARIR, July 18 -The French made, the great Somme offensive was the some progress iast night on the Ver- taking of the field fort at Haches and the garrison of 110 men by nine ade fighting in the vicinity of Fieury, French soldiers. The fort had resisted throughout the artillery bombardment, and the infantry attacks had been checked by murderous machine gun fire

A French officer discovered that the bombardment had made the fort vulnerable at one point. Selecting a wayond Boutsmant, two sergeants, a corporal and four men, he led them on hands and knees to the breach in the defenses.

Three of the French officers leaped into the work shouting in stentorian tones: "Forward with the bayonet!" and throwing bombs which exploded in the durout.

The German: had no time to get their weapons and surrendered almost without a show of fight. When one of their number fell, shot by a revolver fired point-blank by the com-manding French officer, the 113 Ger-mans surrendered. They were es-corted to the rear by their nine cap-

ITALIANS REPORT GAINS IN UPPER POSINA VALLEY

Capture Positions on Rocky Mountain Slopes After Artillery Preparation—Austrians Repulsed at Pasubio.

ROME July 19 (via London) .- A new advance for the Italians in the upper Por'na Valley, where they succeded in capturing positions on Corno Del Coston, was announced today by the War Office. A strong attack by the Austrians on the Italian lines in the Passible sector was

The text of the War Office statement follows: "On the night of July 17 there

was intense artillery fire in the Ledro Valley. "Strong enemy detachments at-

were repulsed with heavy loss. "The enemy's artillery yesterday kept our positions in the Lagarina Valley under its fire, but it was

effectively answered. "In the upper Posina our troops, after artillery preparation, renewed their attacks on Corno Del Coston. The encmy's batteries did not reply to our bombardment, but afterward began an intense gust of fire. We succoaded in gaining new positions on the rocky slopes of the mountain. "Along the remainder of the front the , were artillery actions. especially in the upper Boite, at

the head of the Seisera Valley.

where the enemy disclosed new heavy batteries, and on the height west of Gorisia. "An enemy aeroplane dropped bombs on Marostica (northeast of Vicensa, in Venetia), as a result of which there were some victims

and slight damage." BERLIN, July 19 (by wireless to bania, where the military situation has been virtually unchanged for months, is reported in the official Austro-Hungarian statement of

July 6.

Regarding the Italian front the War Office reports:

"Our positions in the district of Borcola Pass were shelled heavily Hostile and uninterruptedly. Hostile aeronauts bombarded Vielgeru-reuth without success. In the Tofana district the Italians made repeated attacks which broke

STRIKES ON ROCKS AT FISHER'S ISLAND

Alexander Cochran, Owner of Craft, and His Party Are Taken Safely From Wreck.

(Sectal to The Series Cale)

NEW LONDON, Cons., July 19. the steam pacht Warrior, owned by Alexander Cochran of New York, went ashore on the rocks at the north end of Picher's Island at dawn to day in a dense fog. The owner and party were on board at the fime. A wireless call was a v. to the T. A. Heatt Company in this city and later a measage by boat, an i several vessels were sent to the straded yacht. Mr. Cochran and his party were

Cothrane were: Mr. and Mrs. You Cooley, Mr. and Miss Hitchcock. All and started for Narraganastt Pler in The Warrior is a twin serew yach

landed at Eastern Point. With Mr.

and was recently purchased by Mr. Cochran. The craft is one of the largest enrolled in the New York Yacht Club and measures 182 feet in length. After several hours hard work the

vessel was bulled off the rocks and reached New London under her own steam this afternoon. Mr. Cochran seems to be followed by a marine hoodoo. He recently sent his \$1,000,000 auxiliary schooner yacht Sea Call to the scrap heap owing to

the metal that her plates were mad of being attacked by electrolysis.

"I bear 'no matter toward any one, but I have a little blond-headed child. and when I saw a little one in the ambulance who looked very much like her I thought of my baby and I determined to expose this negligence of the sick children at any cost."
